Summary:

Data Analyst with **2.3+ years** of experience in Power BI, specializing in **Data visualization** and Dashboard development. Skilled in DAX, Power Query, and data modeling, with a solid grasp of data warehousing and relational databases. Experienced in Agile environments, collaborating with stakeholders to deliver actionable insights through impactful reports.

Technical Skills:

BI & Visualization	: Power BI Desktop, Power BI Service, Azure Databricks, SQL Server analysis services
Programming	: SQL, DAX
Data Modeling & ETL	: DAX (measure, time-intelligence), Power Query M (data shaping)
Data Source	: SQL Server, SharePoint, Azure SQL Database

Work Experience: (Power BI Developer)

Capgemini Technology Services India Limited
Software Engineer

Pune, India
March 2023 – Present

At Capgemini, I work as a **Power BI Developer**, building dashboards and reports using Power Query and DAX to support business decisions. I also manage data refresh, publishing, and security through Power BI Service

Data Migration Project (Unilever)

- Developed and maintained Power BI dashboards to track key business metrics
- Extracted data from different sources into staging area then cleaned the data using appropriate business rules and loaded the information into Target tables
- Involved in **data validation and testing** of reports to cross check with Azure data, Involving view like Report view, Data view, Model view, Filters, and DAX
- Optimized complex SQL queries, achieving up to 15% performance improvement in data retrieval operations
- Reduced report load time by 20% through optimized **DAX** and **data modeling**

Power BI Developer (Baker Huge)

- Designed interactive Power BI dashboards using data from DAX, SQL, Excel and SharePoint
 - Cleaned and transformed data using Power Query Editor
 - Created DAX measures for KPIs and performance metrics
 - Involved in data validation and testing of reports to match with Excel data
 - Collaborated with teams to gather and implement business requirements
-

Certification:

Microsoft Certified : Data Analyst Associate (**PL-300**)
